HEATIT Z-REPEATER DOBBEL USB 2A `EOL`

Signal repeater for Z-Wave networks with 2xUSB 2A

Art.no	4512686
GTIN	7071236015352

The Heatit Z-Repeater Dual USB 2A is a multifunctional AC Z-Wave range extender with two USB power adapters that allow you to charge two devices at the same time. Ideal for extending the Z-Wave signal to areas with blind spots - a solution for anyone experiencing poor wireless connectivity.

With the rechargeable backup batteries, the device will still be able to operate for up to 6 hours after a power failure. Important battery-operated units such as door locks, smoke detectors and burglary alarms will still work during a blackout.

Several Heatit Z-Repeater units can be added to a network to achieve comprehensive and stable network coverage. The unit is plugged directly into a wall socket and is therefore very flexible in terms of installation.

Heatit Z-Repeater dual USB 2A is compatible with Z-Wave systems from any manufacturer and may be added to any Z-Wave network. Ideal for both residential and commercial properties.

PRODUCT FEATURES

- Dual USB power adapter/charger
- SmartStart
- Signal amplifier with battery backup
- Maintains the Z-Wave network in case of power failure
- Plugs directly into ordinary wall sockets
- Rechargeable battery powers the unit in the event of a mains power failure
- Suitable for both homes and business premises
- Supports encryption mode S2 Unauthenticated

IOT / SMART HOME SPECIFIC DATA

Z-Wave Frequency	Z-Wave - 868.4 MHz (EU)
Z-Wave Chip	Z-Wave 500 chip
Z-Wave encryption mode	S2 Unauthenticated Class
Min radio frequency range	40m

PRODUCT DATA

Ambient temperature range in use	0 to 45℃
Colour	White

ELECTRO TECHNICAL DATA

Voltage	240V
Own power usage	2W

ADDITIONAL INFO

IP Code	IP20
Certification	CE, Z-Wave Plus
EN Standards	CE
Customs number	85437000
Country of origin	TW

PRODUCT DIMENSIONS

Product height/diameter	80mm	Product Width	70mm
Product length	60mm	Product net weight	130g

MAINTENANCE

The device is maintenance-free.

ADDITIONAL INFORMATION

This product is a security-enabled Z-Wave Plus product with encryption. The product must be used with a security-enabled Z-Wave Controller in order to fully utilize the product.
