**MYEYE BULLET LITE**

High-resolution IP camera

<b>Art.no</b>	4566653
<b>GTIN</b>	5902701702953

MyEye Bullet Lite is a universal wireless IP camera designed to meet the typical day-to-day needs of your home.

With MyEye Bullet Lite you can:

- Observe the monitored area live in 4 MP high resolution even at night, thanks to the IR diodes with a range of up to 30 m.
- Store your data with the MyEye Recorder series recorders or an SD card.
- Communicate with people near the installation site (built-in loudspeaker and microphone).
- Thanks to the built-in WiFi, you can install the camera in a location without cables: all you need is the power supply unit (included with the camera).

Seamless integration with the Yubii ecosystem.

The MyEye Bullet Lite camera can not only operate autonomously, it can also be connected to the Yubii ecosystem.

After adding the device to the Yubii app surveillance panel, the user can use the motion sensor and anti-sabotage sensor (sudden image change) to trigger scenarios and/or alarms. This device gives your Yubii ecosystem genuine “eyes” and becomes a natural expansion element of the system.

**ELECTRO TECHNICAL DATA**

Voltage	12V DC
Own power usage	2.1W
Grounding	No

**PRODUCT DIMENSIONS**

Product height/diameter	1mm	Product Width	1mm
Product length	1mm	Product net weight	350g
