

MYEYE BULLET LITE

High-resolution IP camera

| | |
|---------------|---------------|
| Art.no | 4566653 |
| GTIN | 5902701702953 |

MyEye Bullet Lite is a universal wireless IP camera designed to meet the typical day-to-day needs of your home.

With MyEye Bullet Lite you can:

- Observe the monitored area live in 4 MP high resolution even at night, thanks to the IR diodes with a range of up to 30 m.
- Store your data with the MyEye Recorder series recorders or an SD card.
- Communicate with people near the installation site (built-in loudspeaker and microphone).
- Thanks to the built-in WiFi, you can install the camera in a location without cables: all you need is the power supply unit (included with the camera).

Seamless integration with the Yubii ecosystem.

The MyEye Bullet Lite camera can not only operate autonomously, it can also be connected to the Yubii ecosystem.

After adding the device to the Yubii app surveillance panel, the user can use the motion sensor and anti-sabotage sensor (sudden image change) to trigger scenarios and/or alarms. This device gives your Yubii ecosystem genuine "eyes" and becomes a natural expansion element of the system.

PRODUCT DATA

| | |
|-------------------------------------|-----------------|
| Ambient temperature range in use | -30 to 50°C |
| Min. and max ambient humidity (RH%) | 0 to 95% |
| Colour | White |
| Mounting | Screw fastening |

ADDITIONAL INFO

| | |
|----------------|----------|
| IP Code | IP67 |
| Customs number | 85258900 |

ELECTRO TECHNICAL DATA

| | |
|-----------------|--------|
| Voltage | 12V DC |
| Grounding | No |
| Own power usage | 2.1W |

**PRODUCT DIMENSIONS**

| | | | |
|-------------------------|-----|--------------------|------|
| Product height/diameter | 1mm | Product Width | 1mm |
| Product length | 1mm | Product net weight | 350g |
